ORIKA[®]

PROFESSIONAL

Chosen By Industry Leaders

We partner with leading food and beverage brands to deliver distinctive flavours at scale. Our ingredients support products across global markets, backed by consistent quality, reliable supply, and long-term collaboration.

What do we do?

With over forty-two years of experience, we work closely with spices used every day in professional kitchens. Our range includes carefully handpicked whole spices and blends sourced from trusted growing regions around the world, chosen for consistency, taste, and aroma.

The right combination of flavours

Professional approach and focus on innovation are the basic ingredients of our company

Direct sourcing from farmers ensures that the raw material is of highest quality. The ingredients ensure a better aroma and consistency that enhances the taste in recipes.

Each Product is tested for its stability and batch consistency to maintain the taste and aroma.

Our Product Range

Orika Professional products are specially curated for professional kitchens where consistency, taste, and aroma are non-negotiable. Backed by years of experience in the spice industry, our range is anchored in responsible sourcing, traceability, regenerative agriculture and sustainable practices thereby ensuring the ingredients are high in quality and also considerate of the environment.

We work closely with farmers and sourcing partners to bring spices and seasonings from the right origins. Our portfolio spans Spices, Seasonings, Blends and Beverage Mixes ideal for varied cuisines and fast-paced kitchen environments. Each product is prepared to deliver uniform taste, aroma and consistency - enabling chefs to maintain quality without compromising on time, control or the authenticity of their recipes.

Chef's Corner

Orika Professionals collaborates with chefs to bring spices to life through hands-on kitchen demonstrations. These collaborations focus on showcasing product, practical application, and consistency to bring out authentic recipes. Through signature recipe demonstrations, chefs highlight how these products integrate into everyday and signature dishes while maintaining taste and aroma. This also enables chefs to present their own creations, experiment with new dishes, and adapt recipes with confidence.

Menu Integration: Chefs demonstrate how Orika products fit seamlessly into daily operations, highlighting practical use and impact across cuisines.

Recipe Creation: Custom recipes are developed using Orika spices, seasonings, and blends, with a focus on consistency, ease of use, and repeatable results in real kitchen conditions.

Product Demonstration: Live, on-site demonstrations are conducted in collaboration with chefs to showcase product applications during cooking.
